CREATION MATTERS

15th-17th June 2007

Caring about the Earth is a **'theological,
biblical and moral imperative'**

James Jones, Bishop of Liverpool

CREATION MATTERS

15th-17th June 2007

How should Christians respond to the global environmental crisis?

- Great teaching
- Discuss critical issues
- Share your concerns
- Be challenged

An opportunity to think seriously about the environment

'In my view, climate change is the most serious problem that we are facing today, more serious even than the threat of terrorism.' Sir David King, the UK Government's Chief Scientific Adviser

Who is it for?

Any student with an interest in the environment

What is happening?

Teaching on:

- a biblical basis for creation care
- responsible environmental stewardship

Optional field visit to Fach Gynan deer farm with Dr John Sale, consultant on biodiversity conservation: *farming in harmony with nature*

Workshops on a range of topics eg. Food, Poverty, Spirituality and Wilderness.

How much will it cost?

£55 – the cost includes accommodation and food

There may be a small extra charge for transport for the optional excursion

Places are limited – BOOK EARLY TO AVOID DISAPPOINTMENT

Scholarship

One scholarship will be offered to a student attending this conference to cover the costs of attending the IFES international conference on creation care to be held in Brazil early in 2008. Details of how to apply will be publicised at the Quinta.

Speakers and Subjects

Prof. Gordon Wenham, former Professor of Old Testament at the University of Gloucestershire. *The Biblical basis for creation care and OT perspectives on our environmental crisis.*

Sir John Houghton, co-chairman of Scientific Assessment for the Intergovernmental Panel on Climate Change 1988-2002 on *Creation under threat: climate change.*

Rev. Margot Hodson, Chaplain of Jesus College, Oxford. *Critique of environmental ideologies.*

Dr Peter Carruthers, Chairman of the Agricultural Christian Fellowship and Farm Crisis Network. *Jesus and the Earth.*

Lindsay Brown, General Secretary IFES. *We can make a difference – global examples of environmental stewardship.*

'Arctic meltdown is speeding up... polar bears face extinction... and America's top climate scientist warns we only have a decade to save the planet.'

by Michael McCarthy and David Usborne
Independent 15th Sept 2006
